

Let's play ball!

Here are some things that are going to look a little different this year: (We are following guidelines implemented by the IHSAA/IHSAU, working in coordination with the Iowa Department of Public Health and the Iowa Department of Education).

- You will see signage posted stating that NO ONE should participate in games if they currently have symptoms including a temp. of 100.4 or higher or have been in contact with anyone with a confirmed COVID-19 diagnosis in the last 14 days.
- Use of dugouts is permitted during games ONLY (not practices). 3rd-6th grades only.
- Players are RECOMMENDED to use their OWN gloves, helmets, and bats as much as possible. This is not required.
- Players MUST bring their own water/beverage to consume during and after practices and games. No shared drinking fountains, water stations, or coolers may be used. NO sunflower seeds are allowed at practices or games. Parents can bring a cooler of drinks and food but it is NOT to be shared with anyone outside your family.
- Coaches must sanitize shared equipment before and after each practice and game.
- Players and coaches should check their temperatures BEFORE attending practices or games.
- Anyone with symptoms of illness is NOT ALLOWED to participate.
- The use of your own chairs will be strongly recommended. Fans should practice social distancing between different household units and accept personal responsibility for public health guidelines.
- Fans MUST NOT attend if they have symptoms of illness!
- Concession stand will not be available.
- If we suspect that a child is not feeling well, we reserve the right to contact their parent/guardian and they will be sent home.

Thanks in advance for your cooperation and teamwork to make this happen for our kids!
