

Request for Proposals – West 5th Avenue

The City of Rock Rapids is requesting proposals on construction of new concrete roadway on 5th Avenue west of Bradley Street. Approximate quantities amount to 150 linear feet of 30-foot-wide roadway for a total of 4500 square feet with flares on the west end of each side of the road. The excavation and removal of the existing gravel road would need to be compacted to allow for six-inch concrete with one-half inch rebar on two-foot center to match the grade at the intersection of 5th Avenue and Bradley. The center of the roadway will need a slight crown in order to provide proper drainage. Construction is to start not sooner than May 15, 2023 for completion by October 1, 2023. The construction period should not exceed 30 working days. Bids are due at 1:00 PM on Friday, April 21 2023 at City Office at 712-472-2553 or development@rockrapids.net. The City of Rock Rapids is an equal opportunity provider and employer.
